## SPONSORSHIP PACKAGE

# A CANADA WIDE COMPETITION

AMEs of all experience and background come head to head to compete for the title of top team, and win their business categories through a variety of challenging troubleshooting, new technology challenges, and timed trials that will have the crowd cheering and competition on edge!

Join us as we welcome teams from all areas (Airline, MRO, Schools, and Mixed) as we award the true **CANADIAN LEADERS** in aircraft maintenance! Let the smack talk begin from coast to coast as we welcome teams from across the country representing their businesses and showcasing their brand. This event will be the first of it's kind and will be held in conjunction with the Alberta Aviation Council's conference at the Westin Hotel in Calgary, Alberta.

This portion of the event will be open to the public (with engagement from media, high schools, aviation leaders, tooling and suppliers, and of course Aviation Maintenance Engineers from across the country!). We anticipate thousands in attendance throughout this two day competition and look forward to welcoming you all to the beautiful City of Calgary!

**CANADIAN AME COMPETITION**  
APRIL 28TH- 30TH | WESTIN HOTEL | CALGARY, ALBERTA

So what can you expect from an AME Competition? Multiple challenge stations for every side of aviation business (mechanics, avionics, and structures), with teams competing for quality and speed! Cheer on your favorite teams as they work through their challenge at different timed stations throughout the two days!

# PLACING CANADIAN BUSINESSES HEAD TO HEAD

As this will be our first year, we are looking to showcase this industry in true Canadian fashion (and we don't mean with some maple syrup and street hockey!). This competition will showcase **the best talent in the industry** and we are looking to bring together the industry like never before. Join us for some good old fashion competition and showcase your support for aircraft maintenance across the country!
